PROFESSIONAL PROFILE

I have delivered **extremely complex** systems: financial risk at Banobras, the national budget portal at SHCP and comprehensive fund management at Fondo de Fondos. Teams of up to **120 people** under my direction. Command of **ITIL, PMI, COBIT, ISO and Scrum**, communicable at any level of the organization.

PROFESSIONAL EXPERIENCE

Deputy Director of Systems Development & Integration (S.D.I.S.)

Mar 2019 – Present

Fondo de Fondos · CMIC · 3 people

- ♦ **Built** from scratch the SIGAFF (90+ functions, 8M records, live since 2020) under ITIL, ISO 9001/27001 and PMI; plus Supplier, Vacation, ESG and Board-Minutes systems.

Technology Director

Jun 2018 – Feb 2019

VICOM Puebla · 15 people

- ♦ **Launched** multiple e-commerce stores and interfaces for leading brands (Martí, Crate & Barrel, Gaynor, and others).

IT Quality & Process Manager

Sep 2017 – May 2018

Bansefi · 5 people

- ♦ **Implemented** end-to-end IT quality policies and processes and a change-management system with full traceability.

Chief Information Officer (C.I.O.)

Dec 2015 – Mar 2017

Ministry of Finance & Admin. — State of Puebla · 120 people

- ♦ **Directed** the State's infrastructure, communications and cybersecurity, and defined state technology policies.

Technology Architect

Jun 2013 – Sep 2015

Banobras · 20 people

- ♦ **Architected** and delivered the portal for calculating the Bank's Asset & Liability financial risk.

Technology Director

2008–2013 · 2003–2007

Ministry of Finance & Public Credit (SHCP) · 80 people

- ♦ **Responsible** for and builder of the country's entire budget system (2 terms); reengineered HR & Materials processes.

Deputy Director of Channels

Apr 2007 – Jul 2008

Banca Mifel · 20 people

- ♦ **Maintenance** and new developments for all bank channels: POS, ATMs, electronic banking and branches.

Development Lead

Apr 1996 – Dec 2002

Santander – Serfin · 35 people

- ♦ **Implemented** the group's corporate and personal electronic banking, plus the SPEI and CECOBAN interfaces.
